Subject: RE: Invitation: Mosquito adulticide kickoff meeting @ Wed Jun 13, 2018 3pm - 4pm (EDT) (panger.melissa@epa.gov)
Attachments: Malathion Extended SUUM.PDF; CAL DPR 2016 Data (All Counties_Non_Ag) MALATHION.XLSX; milestones_timeline_interagency_usage_5-30-18_final.docx; Usage Data (March 2018).xlsx; List of Questions for American Mosquito Control Association (May 2018).docx

Hi All,

I think Rosemary plans to draft an agenda for tomorrow's kick-off meeting... so be on the look-out for that.

In the meantime I wanted to send some documents that might be useful to the group as we get started (I wanted to make sure everyone had time to look them over before the meeting). So please find attached (in no particular order) the following documents:

- The State Use and Usage Summary (SUUM) report for malathion from EPA's Biological and Economic Analysis Division (BEAD) – the mosquito usage data can be found on p. 31
- Some malathion usage data I recently pulled from CAL DPR
- Milestones and timeline for the overall usage workgroup
- A list of usage data sources (compiled by the overall usage workgroup)
- A list of questions sent to the American Mosquito Control Association from EPA (after the inter-agency meeting with them in May – before the mosquito usage group was established)

Also, if anyone plans to attend the meeting tomorrow in person... please let us know ahead of time because we will need to arrange to have someone sign you into the building and escort you up to the meeting room.

Please let me know if you have any questions.

Thanks,
Melissa

Melissa Panger, Ph.D.
Senior Advisor, ERB2
Environmental Fate and Effects Division
Office of Pesticide Programs
